Year 6 Health Needs Assessment 2026/27

Dear Parent/Carer,

The Warwickshire Child and Family Wellbeing Service (WCFW) is provided by HCRG, in conjunction with Healthy Futures (Compass) and commissioned by Public Health Warwickshire to provide a high quality, accessible and confidential service that improves the health and wellbeing of children and young people in Warwickshire.

Good health is linked to educational attainment; therefore, the healthier children are, the more likely they are to attend school regularly, focus and participate in lessons and achieve their potential. In line with government guidelines, all Year 6 children in Warwickshire are offered an anonymised online public health needs assessment. All questionnaires collected are stored securely on electronic patient systems. Data from the completed health questionnaires enables us to develop population based Public Health reports which are shared with schools. These reports allow us to support schools in working with families to address the health and wellbeing needs of pupils.

The public health reports identify 3 school health priorities which enable us to work in partnerships with schools and other agencies to deliver public health interventions which could include us delivering classroom lessons. All data is anonymised and collated prior to being shared with other agencies e.g. Public Health Warwickshire, Schools.

Please visit our HCRG website to view our Privacy Notice. The information can be found at [Warwickshire Child and Family Wellbeing - Privacy Policy](#)

If you wish to withdraw your child from completing the health questionnaire, please contact us on: 0300 2470072 or email wcfw.contact@hcrqcaregroup.com within 14 working days of receiving this letter.

If, at any stage in the process you have concerns or want further information, please contact us.

As your child progresses through their school career, they will be invited by WCFW to complete a further health questionnaire in Year 9. You will receive a letter informing you about this nearer the time.
