

*'Pupils' behaviour and attitudes to learning are exemplary'
'The rich, exciting and highly creative curriculum is a significant strength
of the school. This is a GOOD school.'
(OFSTED 2019)*

2nd Feb 2024

Dear Parents

We are always looking at ways to further promote the social and emotional well-being and mental health for pupils and staff in school and are currently working to achieve a school improvement award to help us to identify ways to develop this further. Evidence shows us that wellbeing is of central importance to learning and attainment, with high levels of wellbeing associated with improved academic outcomes. To help us evaluate our current provision, you may recall that we recently sent out a survey to gather your views to help us understand what we are doing well and how we can improve further. Pupils and staff also completed a similar survey and we have now collated the results. The next step is to create a working group to review the findings and formulate an action plan. Best practice suggests the working party consists of a mix of parents, staff and governors and so we would like to invite parents to put themselves forward to join. We are looking for between 2-4 parents who are available to meet either in person or via Teams to create an action plan and support the school towards the wellbeing award. We anticipate that the time commitment is likely to be three meetings of approximately 1-2 hours between February and June, with the initial meeting planned for Thursday 22nd February. Meeting times can be flexible depending on your availability.

If you have an interest in becoming part of the working party, please could you email the office admin3141@welearn365.com by the end of Tuesday 6th February. If you would like any further information before making your decision, please contact me via the school office.

Kind regards

Claire Pepin
