'Online Safety'

Dear Parent/Carers,

As we begin a new school year, we will be diving into lots of incredible content found on the internet.

We understand that many of our children are tech-savvy and use the web for many amazing things. However, there can be times when they come across something that makes them feel unsafe or worried. Therefore, we must teach children about how to remain safe online. We understand the web is forever changing and evolving and we need to stay updated with these changes.

Below is a link to Warwickshire County Council's online safety hub and the National College. They are populated with a wealth of useful information from apps to be aware of to gaming and browser safety. Please take the time to look through them and share them with your child.

If you have any questions or queries about online safety or what we do in school please don't hesitate to contact me.

Thank you for your support with this.

Mr Bench
Online Safety Lead
