

Year 5

Autumn Term 2024

English – Following Instructions

In English Year 5 built up their resilience by following instructions to make an origami rocket. It was tricky, but through using the Secrets of Success, they were able to Achieve!

Yoga – World Mental Health Day

As part of the World Mental Health day, Year 5 took part in a Yoga session in their classroom. Everyone joined in, had fun and many felt better afterwards!

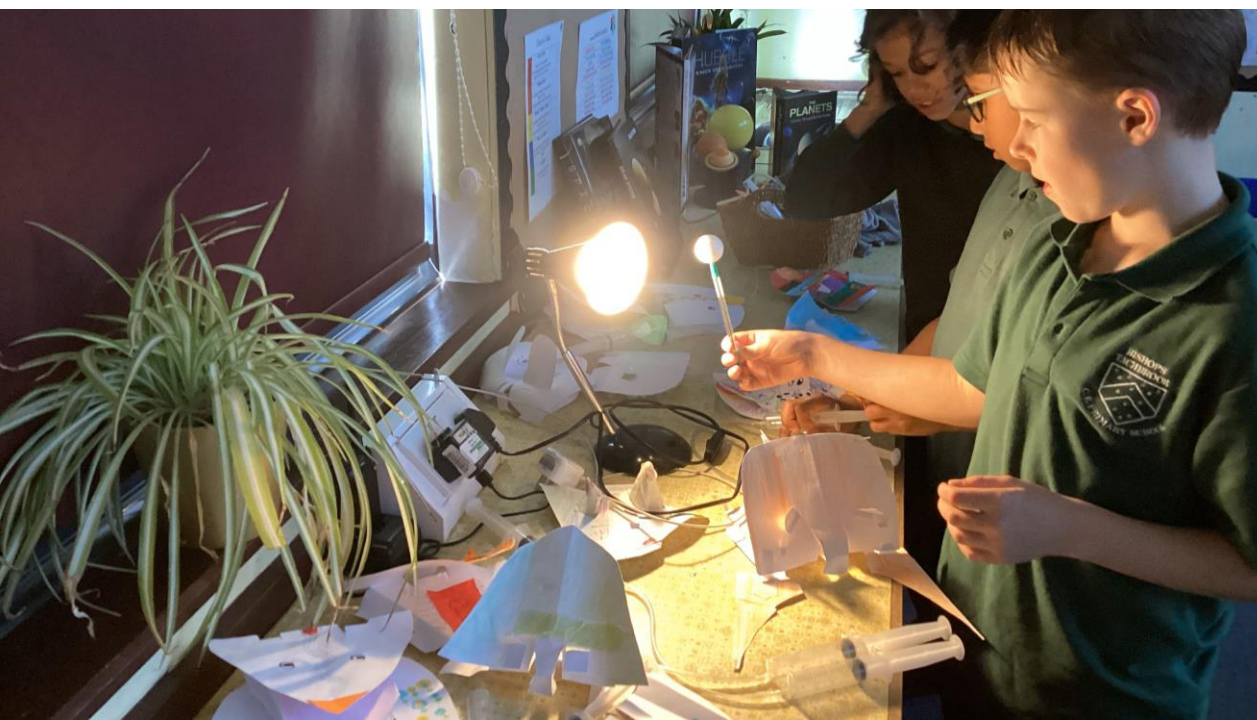

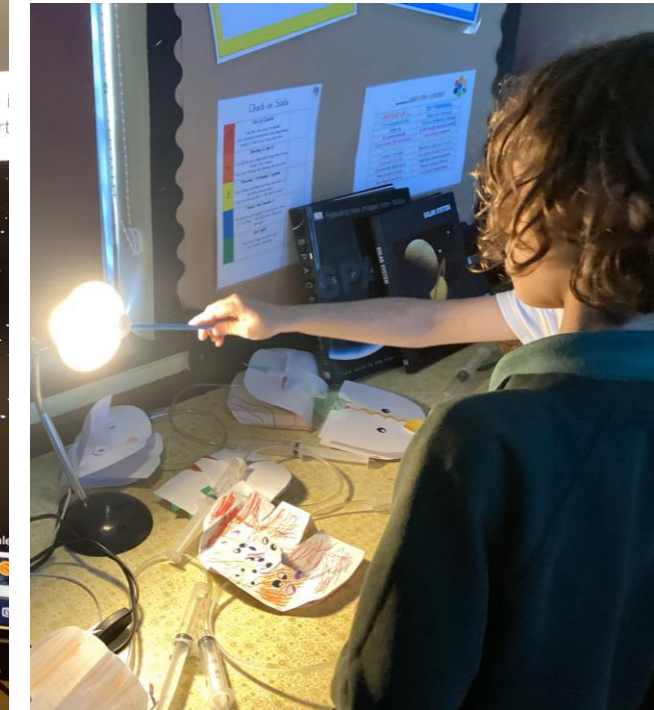

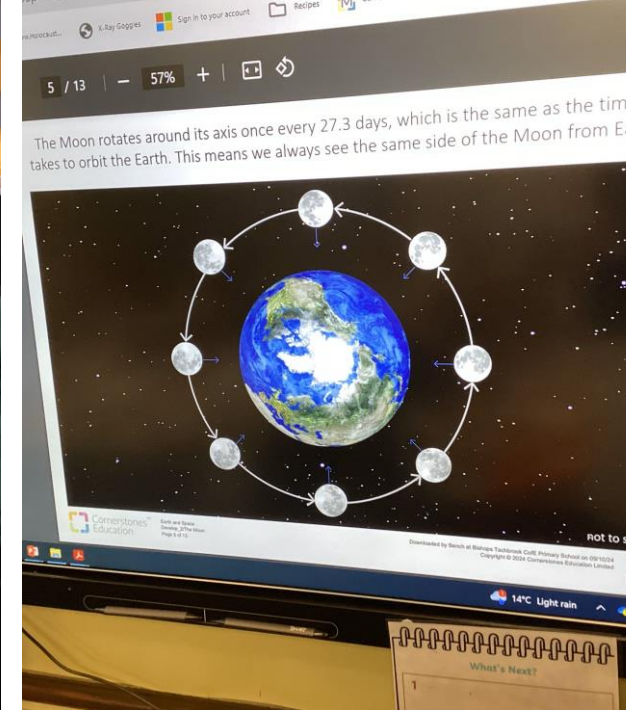

Science - Space

Year 5 worked out the relative distances of different planets from the sun on the school field.

Inquire

Science – Phases of the moon

Year 5 investigated why the moon looked different through each month. They also learned how long it took for the moon to orbit the Earth.

Commando Joes – Mission 1

Commando
Joes –
Mission 2

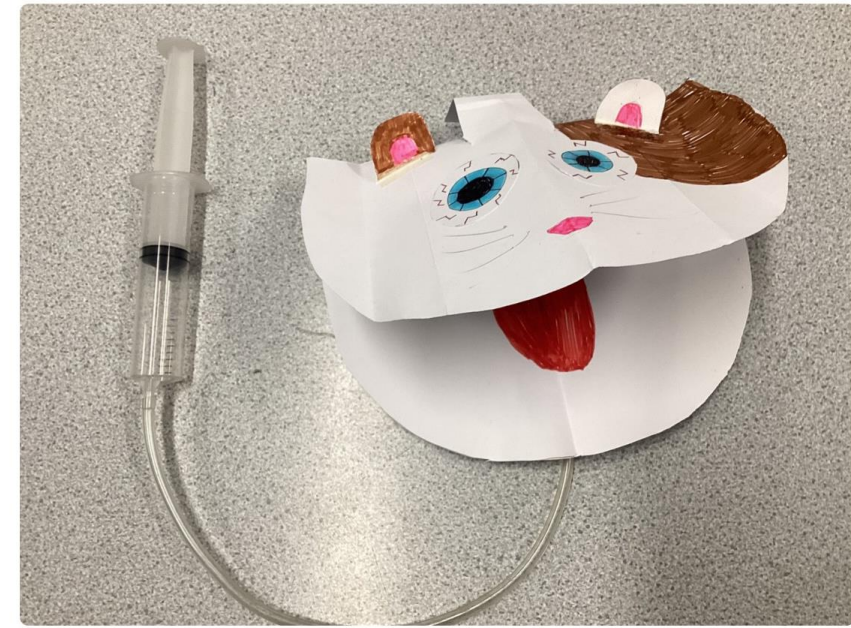

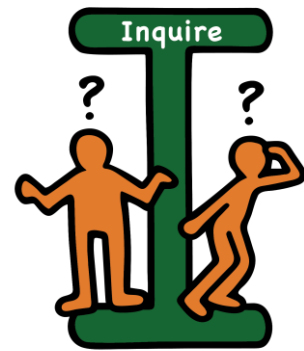

Commando Joes – Mission 3

Design Technology - Pneumatics

In Year 5 the children explored how pneumatics worked and designed mouths that could open and shut using their knowledge.

Visit to St Chad's

The Year 5 children learned about the church on their workshop at St Chad's this term.
