

Warwickshire Hearts Summer Fundraising Events for Children

I am looking for some children (or adults) to volunteer and help with some fundraising events taking place during the summer holidays.

Warwickshire Hearts are looking to do a 'Friday Summer Charity Car Wash' every Friday in August to raise some money.

This is to help us keep our Ambulance on the road and continue to support West Midlands Ambulance Service respond to 999 calls during this busy season.

If there are any children (or adults) who would like to take part, have some fun while volunteering for charity, please let me know. Any extra little hands for our summer car wash events would be much appreciated.

Please get in touch with me if they would like more information,
rita.jassal@warwickshirehearts.org.
