

Year 1

Summer 2

Art

Observational sketching of trees in the school grounds.

A visit from a professional athlete

Sam Khogali came to visit – he is a GB long jumper. He shared some exercises with us and told us about how he tries to stay healthy.

Science

We learned about the life cycle of a butterfly. We let our butterflies fly away to enjoy the sunshine.

A visit from the Fire Service

Food Technology

Learning how to chop, mash and grate.

Food Technology Making sandwiches

Science

Sorting foods: Food we get from plants and food we get from animals.

PE

We have been learning different balances in our Yoga lessons

History

We travelled back to the Victorian Era and learned what it would be like in a Victorian laundry, school room and home.
